

2022 AOTS Online Program [KROP08] Transform Your Business Management using AI & IoT

Organized by the Association for Overseas Technical Cooperation and Sustainable Partnerships (AOTS)
Collaborated by AOTS Alumni Societies

BACKGROUND

The Association for Overseas Technical Cooperation and Sustainable Partnerships (AOTS) is an organization for human resources development mainly in overseas countries to promote technical cooperation through training, experts dispatch and other programs. Through those programs, we aim at contributing to the mutual economic growth of developing countries and Japan as well as enhancing friendly relations among those countries.

AOTS Webinar “Transform Your Business Management Using AI&IoT” is an online seminar (webinar) designed for company owners, executives, managers, and supervisors who have difficulties in introducing or utilizing AI & IoT for business management due to lack of budget or human resources with IT skills.

OUTLINE

This program aims to provide tips for a low cost DX to solve issues at the workplace through the case studies of Japanese SMEs that are using AI&IoT to streamline and optimize their operations or to create new added values.

GOALS

- 1) To understand the significance of introducing AI and IoT technology and the basics for utilization toward business improvement and creation of new added value to products and services.
- 2) To understand how Japanese SMEs are using AI and IoT through lectures by company owners.
- 3) To understand the overall picture and each process for SMEs to utilize AI / IoT technology, as well as the importance and development of human resources who promote innovation within the company.
